

## DRMO Schweinfurt, Germany

### Location:

Conn Barracks, Building 94 Custer Road, Schweinfurt, Germany. Staff: 7

### General Information:

DRMO Schweinfurt is a fully operational site. The customer base has increased. The DRMO performs all disposal functions with the exception of hazardous material disposal.

### Area of Responsibility:

Wuerzburg, Schweinfurt, Bamberg and Kitzingen.

### Major Generators:

299<sup>th</sup> Support BN, 280<sup>th</sup> BSB DPW, Central Furnishings Management Office, HAP, Central Receiving Point, 67<sup>th</sup> Medical, 701<sup>st</sup> Support Battalion, and 147<sup>th</sup> Maintenance.

### Facilities:

The DRMO has several upcoming funded projects for FY 00: Hard Stand that will allow for the receipt of hazardous material and all RTDS functions. Installation of an oil/water separator. Projected future projects include new bathroom, conference room, heating warehouses, 3-sided tire shed, 3000 sy concrete yard improvements and a secured outside area for demil property.

### Constraints:

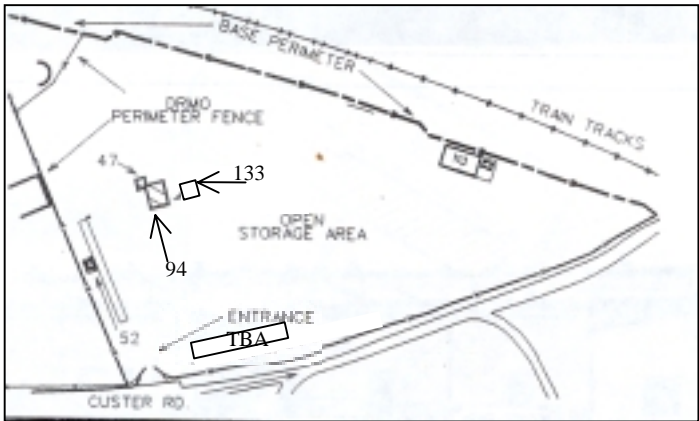

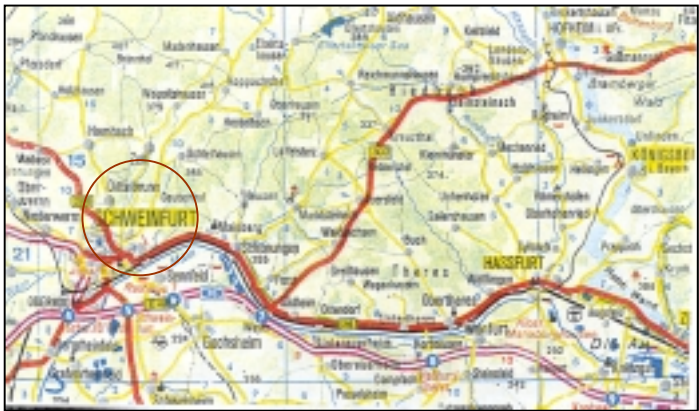

The semi-stabilized condition of the yard and its poor drainage present a problem whenever it rains. To accommodate for the condition, the aisles must be wider than normal to allow the rough terrain forklift to operate during inclement weather. For customer's to access the

base they must either present a passport to be held by the guards or have a DRMO person come to the gate and escort them to the DRMO.
